## Professional Summary

Creative and detail-oriented **Full-Stack Engineer** (Front-End focused) with a strong track record of building **accessible, scalable, and high-performance web applications**. Adept at turning design systems into elegant UIs and delivering user-focused digital products through modern frameworks like **React, Next.js, TypeScript, and Node.js**. Experienced in remote, cross-functional team collaboration across startups and enterprise contracts.

## Technical Skills

- **Programming Languages:** JavaScript ES6, TypeScript, GraphQL, SQL, HTML5, CSS3.
- **Libraries & Frameworks:** React.js, React Native, Next.js, Express.js, Node.js, Jest, Apollo Client/Server, Tailwind CSS, Bootstrap, DaisyUI, Styled Components, Framer Motion.
- **Tools & Platforms:** Git, GitHub, CMS, Postman, Jira, NPM, Yarn, Vercel, Netlify, MongoDB, Firebase, Stripe SDK, Docker, Figma.

## Professional Experience

### Protis Studios, Nigeria — Software Engineer (Full-Time)

*October 2023 - June 2025*

- Led technical strategy and engineering team of 3 developers, driving 85% growth in project delivery efficiency.
- Implemented modern development practices that reduced deployment time by 60% and increased client satisfaction scores by 40%.
- Spearheaded migration to cloud infrastructure, resulting in 70% cost reduction and 99.9% uptime.

- Mentored junior developers and established coding standards that improved code quality by 50%.

### **Maalexi, Dubai UAE — Frontend Engineer (Contract)**

*January 2023 – July 2023*

- Delivered 65% improvement in user interface performance through React/Next.js optimization
- Reduced page load times by 45% and increased mobile responsiveness scores by 80%
- Implemented TypeScript across the codebase, reducing runtime errors by 70% and improving development velocity by 35%
- Collaborated with design team to enhance UX, resulting in 50% increase in user engagement metrics.

### **Lambabros Deals, Nigeria — Software Engineer (Full-Time)**

*November 2021 – April 2023*

- Drove 70% increase in platform user base through React/React Native development.
- Optimized mobile app performance, achieving 90% crash-free rate and 3x faster load times.
- Implemented automated testing that reduced bug reports by 75% and improved app store rating from 3.2 to 4.6 stars
- Streamlined development workflow, reducing feature deployment time by 60% and increasing team productivity by 40%.

## **Education**

### **University of Uyo, Nigeria — B.Sc. (B.ED.) Computer and Robotics Education**

*March 2018 – August 2023*

## **Languages**

**English**
